A: Intact classrooms over the 3-day window

B: Testing in a one-day session in a regular class-size group

C: Testing in a one-day session arena-style

Q4: Do you plan to offer credit to students for passing the EOC?

A: Yes, 1.0 credit

B: Yes, 0.5 credit or 1/3 credit

C: No credit

Turn to someone who has a different answer.

Discuss: What were the key factors in your decision?

Groups - Turn & Talk

- If a student fails an EOC but passes the corresponding math course, in what course do you enroll the student?

- If a student fails a math course, but passes the corresponding EOC, in what course do you enroll the student?

- What steps are you taking to communicate to parents about the upcoming January retesting?

- Other EOC logistic that you might want to discuss with your colleagues.

Collections of Evidence

Math COE

How are you planning for COE next year for

- Geometry & Algebra

Reading/Writing COE

Have you used the eCOE?

- What are some of its benefits?
- What are some of its challenges?

Bright Ideas

M&M Lightning Round

Red: Data analysis and reporting tool

Yellow: Two quick district facts

Green: PLC implementation: 1 to 4

Orange: Percent of '11 MSP online

Brown: Wild card

Blue: One thing you're doing differently at work to preserve your sanity?

The Elevator Pitch

Sixty Seconds

- 1. What “it” is**
- 2. What issue it addresses**
- 3. Why this is better than other approaches**
- 4. What is the positive impact**
- 5. Why we should care**
